

FITEQ NEWSLETTER

APRIL 2022

Edition 32

27 April 2022

It was a month to remember for Serbian teqers, with Nikola Mitro and Bogdan Marojevic rising to top of men's doubles World Ranking after victory at the Paris World Series. A para teqball showcase in the French capital topped off an highly successful inaugural edition of the event, in what was a busy month of competition action for the teqball family. Both on and off the court, FITEQ has been providing assistance to the Ukrainian teqball community and urges National Federations around the world to continue showing their support. FITEQ also announced the composition of its 15 committees, which will play an integral role in the future growth of the sport.
