COASTLINE ENTRY DOOR

Marvin Coastline all aluminum windows and doors combine a beautiful aesthetic, design flexibility, and rigorous impact performance. Available in select southeast coastal regions, Coastline products meet the most stringent hurricane impact code requirements in North America.

FEATURES

- Thick-walled aluminum frame fitted with hurricane resistant glass protects against flying debris
- Inswing and outswing doors available with or without stand alone sidelite and transom
- Can be configured as a single panel door, double panel door, or entry door sidelite
- Solid and simulated louvered style panels
- Several hardware styles, colors, and finishes to choose from
- Multi-point lock on active panel. Commercial multi-point lock available
- Ten colors and wood grain finishes available
- Custom color possibilities provide exceptional design flexibility
- Highly customizable with leaded and melted glass, and ornamental wrought iron grills
- Low-E glass coatings, tinting, and insulated glass options
- Standard, Low-rise, and ADA sill options available

IMPACT RESISTANT GLASS

Coastline products feature impact resistant glass that is designed to protect your home against damage caused by hurricane force winds. Coastline Entry doors are available with several glass options including:

- 7/16" laminated PVB impact glass
- 7/16" laminated SGP impact glass
- 9/16" laminated SGP impact glass
- 1" insulated laminated PVB impact glass
- 1" insulated laminated SGP impact glass
- White interlayer
- Additional customization is possible with decorative glass, specialty glass, energy saving Low-E coatings and tinting
