Subject: Disciplinary warning for manipulating the game

Dear Sirs,

Integrity of official FITEQ competitions is of paramount importance for the sport of teqball.

FITEQ members are fully bound by this principle under the current FITEQ Statutes.

As officially reported to FITEQ, behavior by your side violating the above sporting integrity principle by throwing the game took place during the group stage of the Xiamen Teqball Challenger Cup held on January 11, 2020, at Xiamen, China.

As teqball is uniquely a gender free sport and given that there is not a minimum age participation requirement at FITEQ competitions, FITEQ pays close attention on the principle of fair play and the sporting integrity of both the players and the competition. Any behavior that endangers the above principles is unacceptable and may lead to disciplinary proceedings.

In light of the above, FITEQ hereby issues this official disciplinary warning. Kindly desist from committing similar violation in the future while participating into FITEQ competitions.

This case may serve as an aggravating circumstance during any subsequent disciplinary proceeding commenced in the future.

Thank you in advance for taking due note of the above.

Sincerely yours,
Fédération Internationale de Teqball
