Pre-2021, there was significantly more action in sub-\$500K ranges, but that demand has shifted upward towards \$600K-\$699K which has dominated in the top range since 2022. Also of note is the \$1M-\$1.49M tier has remained consistently in the Top 5, while mid-tier homes (\$500K-\$799K) now make up the bulk of buyer activity.
