

MARKET PULSE

MAY 2024

The markets we serve have all experienced negative results month-over-month however, our sales associates have over shadowed their competition by a more than 20 percentage point spread. Due to the region's contracted results of May, 3 out of the 4 trading areas we serve had negative year-to-date results, with RE/MAX Escarpment

(+12.68) and RE/MAX Niagara (+8.91) posting significant positive gains. Our listing inventories are keeping pace with the market, yet our agents are outselling the competition by 7.5 times, making us the clear choice of buyers and sellers.

*When compared to the same month or year to date in the previous calendar year.
 Based on RE/MAX Niagara & Escarpment Internal Data and RAHB, OMDREB, NAR & TRREB Statistics.
