Search Word: Regulated Medical Waste

Main Line Fertility CANNOT accept any used sharps including needles and syringes

Contact a local hospital to see if it will accept used sharps that have been properly secured in a container.

Check with a pharmacy. Some sell specially designed containers for use by homeowners securing health care wastes for disposal in household trash. Some pharmacies also sell “mail-back” containers that are mailed to companies that incinerate the used sharps.

If your community is served by a regional household hazardous waste (HHW) collection facility, ask if it will accept your sharps.

SOUTHEAST REGION, NORRISTOWN

(484) 250-5900
