MARVIN SIGNATURE® COLLECTION

Coastline Swinging French door, Casement, and Picture Narrow Frame windows

**Marvin Signature® Collection**

# DESIGNED FOR THE BEST COASTAL VIEWS, ENGINEERED FOR THE WORST COASTAL WEATHER

Built for the most exacting architects, builders, and homeowners, Marvin Coastline windows combine a beautiful aesthetic, design flexibility, and a rigorous impact performance to help fulfill even the most ambitious visions for coastal homes. Coastline windows feature narrow sightlines and a clean aesthetic that will complement a wide range of architectural styles, and you can personalize your design with a custom color, a beautiful wood grain finish, or by creating a unique pattern of divided lites. Coastline windows are available in expansive sizes allowing you to leverage stunning coastal views. The reinforced impact glass and extruded all aluminum frames meet the most stringent hurricane impact code requirements.

Designed and manufactured in Florida, Coastline products are available in select southeast coastal regions.

**About Us**

At Marvin, we're driven to imagine and create better ways of living, helping people feel happier and healthier inside their homes. We believe that our work isn't just about designing better windows and doors—it's about opening new possibilities for the people who use them.

**SPECIALTY SHAPES**

Coastline Casement windows

## CASEMENT

- Perfect for hard-to-reach areas like over a sink or counter
- Narrow sidelines perfectly suited for homes with contemporary aesthetic
- Combine with round top or transom windows
- Fixed, or non-operational casements available
- Can be configured as an operable left or right handed window
- 4" sash limiter available
- Stainless steel hardware upgrade available
- Optional wash hinge for access to both sides of the glass from indoors
- Glass options include:
  - 5/16" laminated PVB and SGP
  - 7/16" laminated PVB and SGP
  - 11/16" insulated PVB and SGP
  - White interlayer

COASTLINE CASEMENT				
PRODUCT TYPE	MAX AREA* (sq. ft.)	MAX WIDTH / HEIGHT (in.)	MAX DP† (PSF)	OPERATION
CASEMENT	20.5	42 or 84	+80 / -80	LH, RH
CASEMENT PICTURE	47	144 or 144	+80 / -80	FIXED

\* Max area cannot be exceeded  
 † Reference Florida Product Approval for actual DP

Coastline Awning, Picture Narrow Frame windows, and Multi-Slide door

## AWNING

- Can be left partially open during wet weather for continuous access to fresh air
- Install awning windows higher up on a wall to create more useable wall space or conceal less desirable views while still enjoying the benefits of natural light
- Often used in conjunction with picture windows
- Hinges from the top and projects out from the bottom
- Bottom operation up to 16" maximum open position
- 4" sash limiter available
- Stainless steel hardware upgrade available
- Glass options include:
  - 5/16" laminated PVB and SGP
  - 7/16" laminated PVB and SGP
  - 11/16" insulated PVB and SGP
  - White interlayer

COASTLINE AWNING				
PRODUCT TYPE	MAX AREA* (sq. ft.)	MAX WIDTH / HEIGHT (in.)	MAX DP† (PSF)	OPERATION
AWNING	20.5	84 or 84	+80 / -80	OPERABLE

\* Max area cannot be exceeded  
 † Reference Florida Product Approval for actual DP

## SINGLE HUNG

- Designed to provide a traditional aesthetic
- Features a fixed top sash and a well-balanced bottom sash that lifts to open
- Dual-point locking system
- Glass options include:
  - 5/16" laminated PVB and SGP
  - 7/16" laminated PVB and SGP
  - 11/16" insulated PVB
  - White interlayer

### COTTAGE + REVERSE COTTAGE OPTIONS

COASTLINE SINGLE HUNG				
PRODUCT TYPE	MAX AREA* (sq. ft.)	MAX WIDTH / HEIGHT (in.)	MAX DP† (PSF)	OPERATION
SINGLE HUNG	35	53 1/8 or 96	+106.7 / -130	VERTICAL SLIDING

\* Max area cannot be exceeded  
 † Reference Florida Product Approval for actual DP

## GLIDER

- Also known as horizontal roller
- Available in XO, OX, and XOX
- Larger custom configurations can be created
- Excellent choice for wide horizontal openings
- Operating sashes are equipped with brass tandem rollers making them easy to open and close
- Choose clear glass for a contemporary style or add a colonial grid for a more traditional aesthetic
- Glass options include:
  - $\frac{5}{16}$ " laminated PVB
  - $\frac{7}{16}$ " laminated PVB and SGP
  - $\frac{11}{16}$ " insulated PVB
  - White interlayer

COASTLINE GLIDER				
PRODUCT TYPE	MAX AREA* (sq. ft.)	MAX WIDTH / HEIGHT (in.)	MAX DP† (PSF)	OPERATION
GLIDER	60.5	139 or 76	+70 / -70	HORIZONTAL SLIDING
GLIDER TRIPLE SASH	76	173 or 76	+70 / -70	HORIZONTAL SLIDING

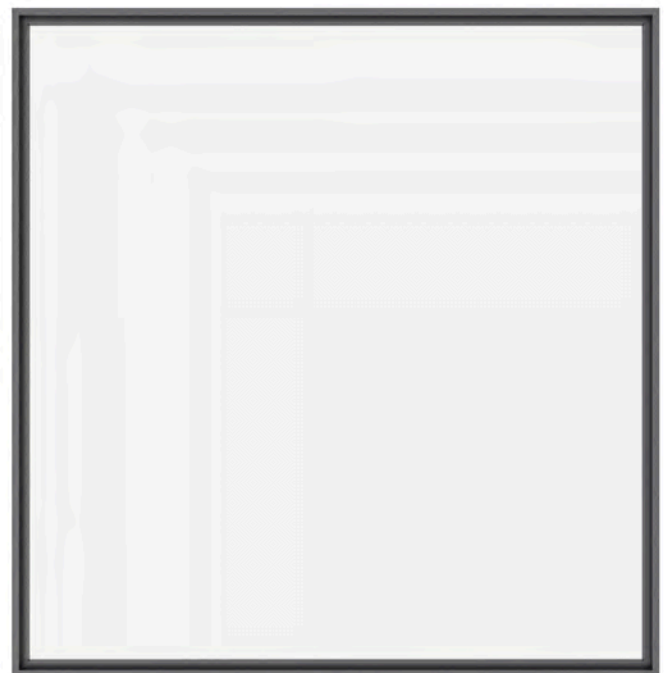

\* Max area cannot be exceeded  
 † Reference Florida Product Approval for actual DP

Coastline Picture Narrow Frame window with Simulated Divided Lites

## PICTURE

- Custom sizing available for design flexibility
- A non-operable window with the glass direct glazed into the frame, eliminating the need for a sash
- Can be combined with round top or transom windows
- Picture Narrow Frame window option features a more streamlined frame that will complement any contemporary aesthetic
- Glass options include:
  - 5/16" laminated PVB (Picture NF)
  - 7/16" laminated PVB (Picture NF)
  - 7/16" laminated SGP (Picture and Picture NF)
  - 1 1/8" insulated laminated PVB and SGP (Picture NF)
  - 9/16" laminated PVB and SGP (Picture)
  - 1 1/4" laminated PVB and SGP (Picture)

COASTLINE PICTURE				
PRODUCT TYPE	MAX AREA* (sq. ft.)	MAX WIDTH / HEIGHT (in.)	MAX DP† (PSF)	OPERATION
PICTURE	72	156 or 156	+100 / -110	FIXED
PICTURE NARROW FRAME	54	150 or 150	+90 / -130	FIXED

\* Max area cannot be exceeded  
 † Reference Florida Product Approval for actual DP

Coastline Specialty Shape window

## SPECIALTY SHAPES

- Glass is glazed directly into the frame, eliminating the need for a sash resulting in narrow sightlines, more light and larger unobstructed views
- Available in multiple geometric shapes including circle, half circle, oval, arch, triangle, trapezoid, hexagon, and octagon
- Provides the design freedom to create unique and stunning architectural statements
- The Specialty Shape Narrow Frame window option features a more streamlined frame that will complement any contemporary aesthetic
- Glass options include:
  - 5/16" laminated PVB (Specialty Shape NF)
  - 7/16" laminated PVB (Specialty Shape NF)
  - 7/16" laminated SGP (Specialty Shape + Specialty Shape NF)
  - 1 1/8" insulated laminated PVB and SGP (Specialty Shape NF)
  - 9/16" laminated PVB and SGP (Specialty Shape)
  - 1 1/4" laminated PVB and SGP (Specialty Shape)

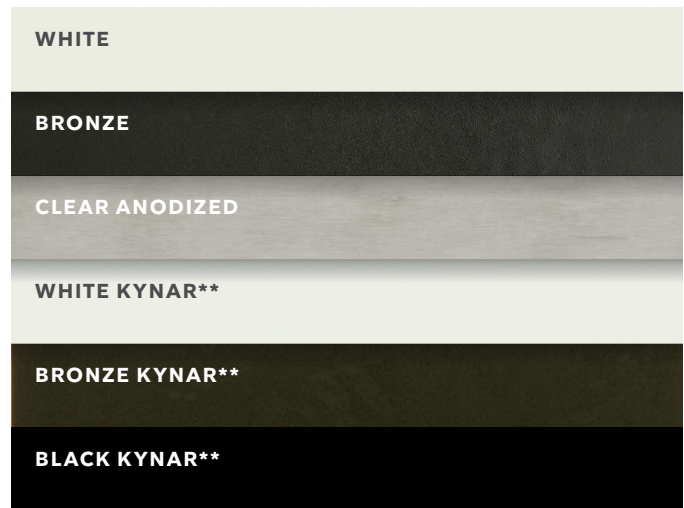

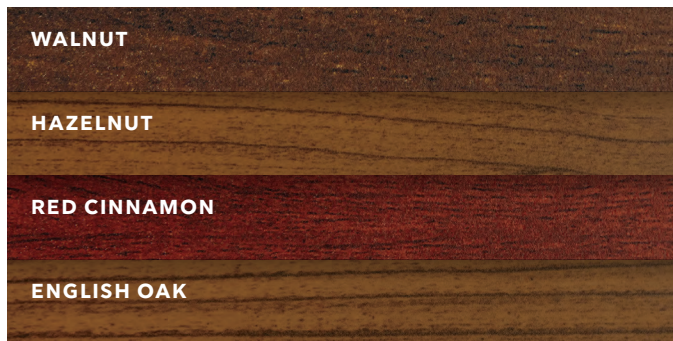

COASTLINE SPECIALTY SHAPES				
PRODUCT TYPE	MAX AREA* (sq. ft.)	MAX WIDTH / HEIGHT (in.)	MAX DP† (PSF)	OPERATION

ROUND TOP NARROW FRAME	54	150 or 150	+90 / -130	FIXED
POLYGON	72	156 or 156	+100 / -110	FIXED
POLYGON NARROW FRAME	54	150 or 150	+90 / -130	FIXED

\* Max area cannot be exceeded  
 † Reference Florida Product Approval for actual DP

# DESIGN OPTIONS

## INTERIOR AND EXTERIOR FINISHES\*

Coastline windows are available in ten low-maintenance interior and exterior finishes that resist fading, peeling, and chalking even under the most extreme coastal conditions. Our palette includes four woodgrain finishes that deliver a natural warmth and beauty. Custom color options are also available.

## DIVIDED LITES\*\*\*

Divided Lites replicate the look of individual panes while maintaining the advantages of a single pane of impact resistant glass, which is stronger and more energy efficient than multiple panes separated by muntin bars. Available in custom configurations to meet an extensive range of design possibilities.

**Simulated Divided Lites** are available on windows with non-insulated/single glazed glass in 1" Ogee/Flat or 1" and 2" Flat/Flat combinations. The Simulated Divided Lites are Flat to the interior.

**Grilles-Between-the-Glass** are available on windows with insulated glass.

\* Interior/Exterior finish samples are approximate. Visit your local Marvin Coastline dealer to see finish samples or to learn more about creating a custom color.

\*\*American Architectural Manufacturers Association (AAMA) 2605 certification.

\*\*\* Not all simulated divided lite profiles and configurations are compatible with all products. Check with your Marvin Coastline dealer for a recommendation on which profile is right for your project.

## GLASS OPTIONS\*

Coastline windows are built with impact resistant glass that is engineered to stand up to the punishing winds and flying debris generated by tropical storms and hurricanes. Coastline windows are available with several interlayer, laminated tinting options, and decorative glass that will increase privacy, reduce solar heat gain, and meet the requirements of Sea Turtle Conservation Codes.

### DECORATIVE GLASS

## SCREENS

Available on the Casement, Awning, Glider, and Single Hung windows, the Coastline screens feature aluminum frames specifically engineered to stand up to coastal weather. Capture cool ocean breezes and take advantage of fresh air while preventing insects, pests, and floating debris like leaves and seeds from entering your home.

\* Double Tint and Neat decorative glass also available. Not all decorative and specialty glass is compatible with all products. Visit your local Marvin Coastline dealer for a recommendation on which glass is right for your project.

# WINDOW HARDWARE

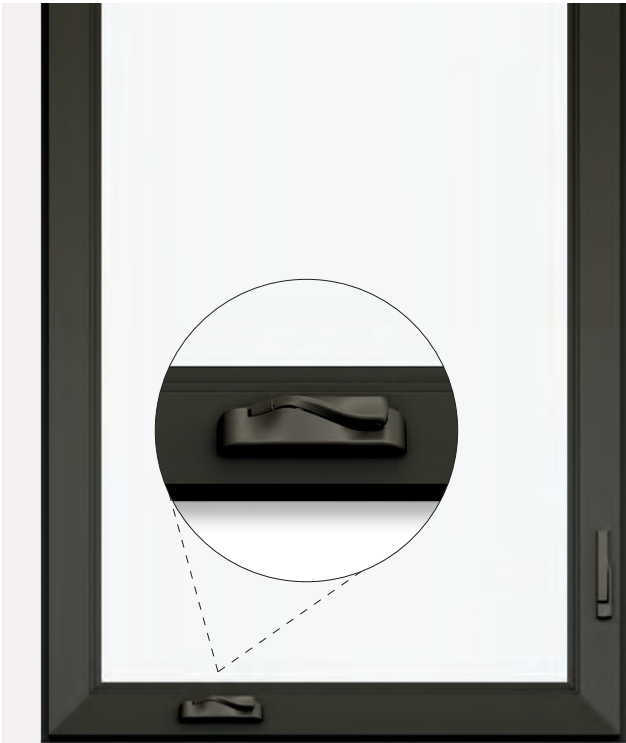

Coastline Casement window with Black folding handle and lock lever

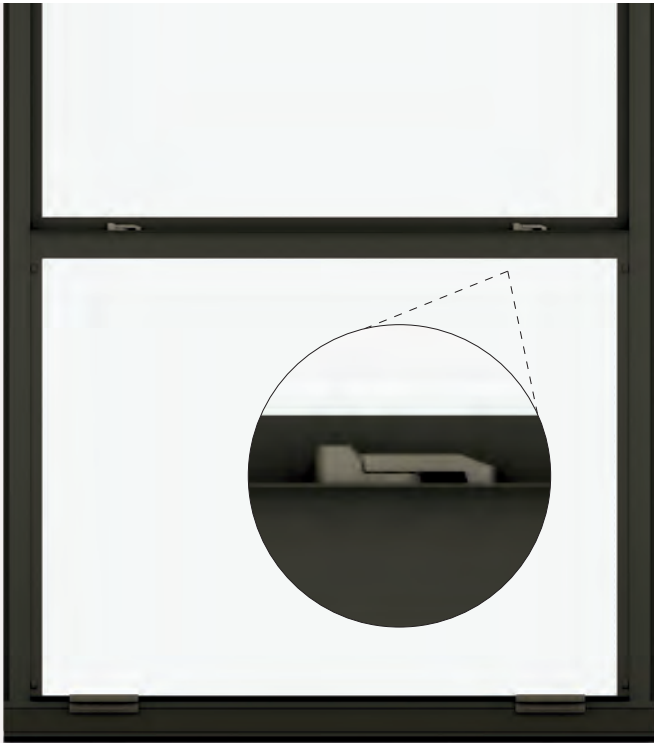

# WINDOW HARDWARE

Features locking and latching mechanisms that are engineered to protect your home against harsh coastal weather. Hardware finishes withstand corrosion caused by humid conditions and salty air, and resist fading even after many years of direct exposure to the intense UV rays generated by the sun. Window hardware available in Black, Silver, and White.

## HARDWARE FINISHES

Coastline Casement window with Black hardware

Coastline Single Hung window with Black hardware

# IN HARSH COASTAL CONDITIONS, YOUR WINDOWS AND DOORS MATTER

Marvin offers windows and doors specifically designed for the coast.

Coastline Picture windows and Multi-Slide door

Marvin products are designed to fit the diverse needs of architects, builders, and designers, and to improve a homeowner's sense of well-being by leveraging light, views, and air in those spaces where they spend the most time. For over a century, Marvin has imagined better ways of living through forward-thinking, people-first design.
