Welcome WPS Employee or Member!

Seven Corners is an International Assist Company who offers a worldwide medical network and assistance services outside of the United States. WPS has partnered with Seven Corners to manage your medical care when you leave the United States.

While many countries have suitable facilities to treat many medical and trauma occurrences, care coordination with an expert like Seven Corners, assures the highest quality of care is delivered in the best setting for you. They are highly skilled with medical payment in foreign currency, wire transfers of money to providers, communication in the primary language of the treating providers, and delivery of patient and family assistance in times of need.

Seven Corners is also providing you with access to a website and information in advance of overseas travel regarding the medical environment, security, transportation logistics, political situations, and cultural differences for any area outside of the United States where you maybe traveling.

when you need care in another country

If care needed is emergent in nature, go to the closest medical facility. The provider at the facility or a family member should call the number on the ID card as soon as possible. Seven Corners will then begin to manage the care coordination with the treating provider and make a determination if it is necessary to move you to another location.

If the care you need is NOT emergent in nature, you must call the phone number on the back of the ID card and a Seven Corners' representative will direct you to the closest provider or facility that can deliver quality care for you and assist with any questions you may have.

One simple phone call to Seven Corners puts you in touch with highly-trained staff who will ensure your call is handled promptly and will coordinate your medical needs with WPS if needed.

Traveling employees should be prepared for unforeseen events

What if you or your family ends up in any one of these types of situations:

- » **Heart attack in Belgium?**
- » **Medical Evacuation from Thailand?**
- » **Broken leg in China?**
- » **Head trauma in Kazakhstan?**
- » **Car accident in Egypt?**
- » **Lost prescription in India?**

worldwide provider network access

Through our network of highly qualified global providers, we assist with standard medical appointments, as well as emergency medical evacuation. These services include physician, hospital, and travel arrangements. Our staff of specialists understand the importance of medical necessity and rendering appropriate care for all of our travelers. Our relationships with our providers and hospitals around the world ensure care coordination goes smoothly and without hassle. Seven Corners is a leader in accessing, coordinating and managing quality medical services around the globe.

trusted solutions

before you leave the united states

Go to the WPS travel member portal:
www.sevencorners.com/wps

There you will find a link to a downloadable travel assist ID card that you should print and take with you.

You will also find a link to a Seven Corners' traveler website:
www.wellabroad.com

- That link will take you to:
- a provider directory by country
 - country profiles
 - access to travel alerts and travel blogs

This is your member card. Please fill it out and keep it with you at all times while you are traveling.

The participant is entitled to Seven Corners' medical and travel services and has benefits for medical care coverage. Please call to confirm benefits and receive a guarantee of payment. All services must be authorized by a Seven Corners' Representative. Customer Service staff are available 24 hours a day, 7 days a week, 365 days a year.
