Agile Project Management

“Which Certifications Should I Invest In?”

Established project management best practice certifications lead the way with **PRINCE2® certification** amassing 66% of the UK market and 25% of the global market. Project Management Institute’s **PMP certification** remains a UK top 10 and commands 58% of the global market. As organisations invest in business transformation projects, **Agile** certifications are increasingly in demand by project professionals. **Scrum** continues to lead the way with a range of industry-wide certifications available, followed closely by the Agile Business Consortium’s **Agile Project Management certification**.
