

INTRODUCING LEARNING TREE⁺ Advantage Plan

81% OF PROFESSIONALS
say developmental training has
increased productivity at work

94% OF EMPLOYEES
say they would stay at a
company longer if it invested in
their learning and development

Although I have more than 20 years of practical experience in the IT field, I learned a lot of new methods and procedures in the ITIL course that helped me make better use of the latest technology.” G. Manjuluri, Software Engineer, Verizon Communications

TOP 5 REASONS LEARNING TREE⁺ ADVANTAGE PLAN IS A GREAT SOLUTION TO ACHIEVE YOUR GOAL

- 1. Unlimited Access to Virtual Instructor-Led Training** – from project management, leadership building to cyber security, employees can attend anywhere and select from a robust range of courses to support their upskilling and certification goals – all at a fixed rate.
- 2. Turbocharged Productivity** – leverage an award-winning learning platform and role-related content combined with live instructor engagement and after-course coaching, so that learners can reap successful, desirable outcomes.
- 3. Empowerment in Career Development** – maximise your earning potential with learning path-driven course content, with an effective learning strategy and development approach.
- 4. Onboarding and Retention** – train and retain your workforce by signaling your commitment to invest in your employees' continued development and giving them the flexibility to pivot their career direction.
- 5. Partnered Learning** – more than just a training provider, but a learning partner that provides skills development that impacts career goals and organisational objectives.
